

OFFICE OF THE PRESIDENT

MESSAGE

MOST ESTEEMED GRADUATES:

My warmest greetings and congratulations to the University of Bohol graduates for First Semester, School Year 2020-2021. The hard work and dedication you have put in over the years have finally paid off. Despite the enormous challenges the past year has brought, your sheer determination and resilience in achieving your goals deserve to be commended.

The academic degree in your possession opens the gateway to the world of professionals. There will be a lot of opportunities and challenges you will encounter along the way. However, I am very confident that you will maximize the opportunities and rise above the challenges armed with the knowledge, skills and values that your Alma Mater has provided.

In the past few years, the University has reached higher ground academically. Its core programs are Level III accredited with 14 other programs on Level I. This shows the premium the University has placed on quality education.

In your professional journey, I sincerely hope that you will live the values of Scholarship, Character, and Service. The world will be better than now with bright and dynamic persons like you who can make a difference.

Congratulations!
