

UNIVERSITY OF BOHOL
C. Putong St., Tagbilaran City, Bohol, Philippines

OFFICE OF THE PRESIDENT

Dear Graduates,

I share in the joy of your having successfully hurdled the final lap of your tertiary and post-graduate education.

To earn a degree during a pivotal shift in the academic landscape, with uncertainty in the job market because of a global crisis, is indeed a product of unquestionable fortitude and resilience, sterling efforts, good health, and steadfast blessings from the Almighty. You deserve to celebrate the fruit of your determination that lead you to this successful part of your life story.

As the bigger world beckons at you, do not ever hesitate to show how authentically equipped you are for the purpose. It is our great honor and fulfillment to have successfully played a vital role in molding you to be persons of Scholarship, Character, and Service.

Continue growing in your respective professions and personal lives. Growth is a conscious and incessant search for meaning, achieving more goals and always choosing to be joyful in doing good, true and beautiful for humanity. Be transformative leaders wherever you are because UBians are destined to take the lead.

Allow me also to extend my warmest congratulations to your respective families and loved ones who have been your greatest support every step of the way. They, too, deserve the well-earned success. Without them, the numerous and unexpected challenges because of the global pandemic would have been very difficult to hurdle without their daily cheering, inspiration, and belief that you can run the mile and reach the target destination.

Cheers to more successes ahead. Continue making the world a better and happier place because you are in it!

Congratulations and more power!

Dr. Victoriano B. Tirol, III
President, University of Bohol

A handwritten signature in black ink, appearing to read "V. Tirol", written over the printed name of the President.
